

All About Health Care

Discussion: Answer the questions based on the video “Free Health Care Isn’t Problem Free” and information sheet, “All About Free Health Care.” What is your opinion on the issue of health care?

1. Can you think of any other arguments for free health care?

2. Can you think of any other arguments for private health care?

3. Do you know how health care works in other countries? Describe what you know.

4. How has the US health care system affected you or your family? Have your experiences been positive or negative?

5. The US health care system has gone through some changes with the introduction of the Affordable Care Act (Obamacare). Describe what you know about these changes. Have they affected you?

6. Do you think private or universal health care is better? Why?
